Lead iOS Engineer · London, UK

Nikola Čorlija

iOS engineer with twelve years in software. I have built iPhone apps since 2014, first in Sarajevo and, since 2018, for fintech companies in London. Currently Senior iOS Developer at NewDay.

ABOUT

I'm a Lead iOS Engineer based in London. Most of my iOS work has been in finance: a social trading app at SwipeStox, open banking at Bud, and consumer credit at NewDay, where I have worked since 2021.

Before London I wrote iOS apps at Atlantbh and Ministry of Programming in Sarajevo and led iOS development on contract at Tech 387. I started my career as a software engineer at m:tel in Banja Luka.
